

F.A.S.H

F.A.S.H is a Four Minute Wonder production and was made by a group of young people involved with Alan Strachan's film group attached to Fraserburgh Youth Theatre. Led by Ian Crook, music video producer from 4 Minute Wonder Productions, the group of ten young people had a two day film and editing course.

The idea is to tap into the strong musical tradition in the area and give the young people the opportunity to explore and experiment with video imagery and music. FASH highlights the highly recommended fun way to learn how to make films with aliens coming to the Dalrymple Hall to compete in a talent contest. Shot in various Fraserburgh locations the video is full of visual humour that compliments the soundtrack and in some scenes has quite a surreal feeling.

Alan Strachan is planning to make more music DVD'S with the idea of having a Fraserburgh Short Film Festival in the near future.
