Allan

Thanks for the chance to comment on the proposal to move the polling place for Hillside from Banchory Devenick to Jubilee Hall in Portlethen. As Councillor Mollison has pointed out the core activity is good and for people without cars certainly better than it would be trying to get to Banchory Devenick.

All in all, I think the more that Hillside is integrated into Portlethen and seen as being part of Portlethen the better. I therefore feel that it would be preferable for the polling place to be moved from Banchory Devenick to Jubilee Hall.

Willie
