Dear Ms Miller

REVIEW OF POLLING DISTRICTS AND POLLING PLACES

Section 16 of the Electoral Administration Act 2006 requires Aberdeenshire Council to conduct a review of polling districts and polling places every four years and this is once more being undertaken in respect of the parliamentary constituencies of Banff and Buchan, Gordon and West Aberdeenshire and Kincardine. The statutory purpose of the review is to ensure reasonable facilities for voting and the accessibility of polling places to all electors, including those with a disability, so far as is practicable.

An important part of the process, therefore, concerns views expressed by persons or organisations with particular expertise in respect of access to premises for people with different forms of disability. Accordingly, should you so wish, you are invited to make representations on these matters. I should advise, of course, that this Council's continuing practice is to review the suitability of polling places and to explore alternative facilities at any time when these are brought to our attention.

In any event, comments regarding existing polling places should, wherever possible, be accompanied by suggestions of alternative venues which might be used.

I attach, for your information, a copy of the formal notice of the review, together with details of current polling places and polling districts. Further information is available online at www.aberdeenshire.gov.uk/elections, including relevant maps.

Any representations should be submitted in writing (by post or by e-mail) to the above address by Friday, 30 September, 2011. After receipt, all comments submitted will be considered and draft proposals produced. Thereafter, a further opportunity will be available for representations to be made before the review is concluded. It is intended that all submissions, together with decisions relating to the review will be posted on the Council's webpages in due course.

Yours sincerely

Allan Bell
