To: JOAN RENNIE

Thanks for your response.

We will always do what we can to investigate suggestions from local communities and to assess whether any alternative venue meets the criteria for designation as a polling place.

As you say, the response is a little past our deadline so there may be timing issues in visiting, evaluating and consulting upon this proposal but we will do what we can.

In order to enable us to start this process, can you advise where the hall is located exactly in King Edward and, if possible, provide contact details so we can arrange to visit?

Regards,
Allan Bell
