Subject: Re: [ACE/376457] Change of polling station

Response Text

Mr James

Thanks for getting in touch. Chris White, our area manager, had alerted me to the fact that this proposal had been aired.

We have in the past looked at alternative venues in the locality but there was no premises which had all the necessary facilities to enable us to designate it as a polling place.

We will certainly look into the possibility of using the community centre and, as you indicate, if we can physically separate the school and the community centre as well as ensuring there is no intrusion into either from those not authorised to be there and be satisfied that there would be no additional disruption (e.g. from noise etc), we will give it the utmost consideration.

Kind regards,
Allan Bell
Elections Coordinator
