Mr McKinney

Thanks for getting in touch.

Things have moved on since I originally wrote to you and it is now proposed that a separate polling district be created for residents in Hillside, with a polling place at Portlethen Church Hall. It is also intended that residents in Portlethen North will vote at the Church Hall while those around Banchory-Devenick will continue to vote at the local school.

This recommendation will be considered by councillors at the next meeting of our full Council and their decision acted upon thereafter.

Regards,
Allan Bell
