

Aberdeenshire Licensing Boards
North Aberdeenshire Divisional Licensing Board
Supplementary Statement of Licensing Policy
Transport
30th November 2010 – 29th November 2013

Transport

General

Many occurrences of crime, disorder and public nuisance occur at or immediately after the terminal hour for the supply of alcohol. Licence holders shall ensure that they and their staff have sufficient measures in place to ensure patrons exit and leave the vicinity of the premises as quickly as possible, in good order and as quietly as possible.

Nightclub operators will require to have dispersal policies in place as a condition of their licences.

Occasional Licences may also be conditioned to the effect that dispersal policies require to be in place.

Guidance requires this Policy Statement to identify any arrangements between the LSO and the Police for reporting views/concerns to the local Transport Committee. Research is still ongoing in relation to Transport. This Supplementary Policy Statement will be revised once research has been completed.
