

CIVIC GOVERNMENT (SCOTLAND) ACT 1982

TRANSPORT ACT 1985

LICENSING OF TAXIS AND PRIVATE HIRE CARS

Booklet for guidance of applicants for licences and for information of Taxi and Private Hire Car Operators

Important Note

The information contained in this booklet outlines some of the requirements of the Civic Government (Scotland) Act 1982 (as amended by the Transport Act 1985) relating to the licensing, operation and driving of taxis and private hire cars within Aberdeenshire under exclusive and shared hire arrangements. While every effort has been made to ensure accuracy, the material is for general guidance only, and is not to be considered as comprehensive or authoritative.

The statutory provisions and arrangements may change from time to time. It is the responsibility of applicants and operators to ensure that they comply with the current provisions, etc and any person who is in doubt should take independent legal advice and/or consult the Licensing Authority.

SECTION 1

NOTES FOR THE GUIDANCE OF LICENSING APPLICANTS AND POLICY OF COUNCIL REGARDING LICENCES FOR TAXIS, ETC.

LICENCES – VEHICLES

A licence, known as a “Taxi Licence” is required for the operation of a vehicle as a Taxi and a licence known as a “Private Hire Car Licence” is required for the operation of a Private Hire Car. The Aberdeenshire Council is the statutory licensing authority in Aberdeenshire for the purposes of the licensing provisions of the Civic Government (Scotland) Act 1982 (“the Act”).

DEFINITIONS

(a) Taxi

The Act defines a taxi as a hire car engaged by arrangements made in a public place between the person (or his agent or employee) to be conveyed in the vehicle and the driver for a journey beginning there and then.

(b) Private Hire Car

The Act defines this vehicle as being a hire car other than a taxi. This means that the private hire car is a vehicle available for personal conveyance but which cannot be engaged by arrangements made in a public place between the passenger and the driver for a journey beginning there and then.

In simple terms, the effect of these definitions is that a taxi can perform all the functions of a private hire car as defined, and in addition can pick up passengers without prior booking in a public place. A taxi can therefore ply for hire and be flagged down without prior arrangement in a street or other public place, whereas a private hire car cannot.

NON-EXCLUSIVE HIRING

In terms of the Transport Act 1985, taxis or private hire cars may also operate in such a way as to allow more than one fare paying passenger. Under the exclusive hire arrangement only one person is responsible for the payment of the fare even though that person may bring other passengers into the vehicle at the same time. The vehicle must be retained for the exclusive use of the single fare paying passenger and any other members of his/her party until the appointed journey has been completed. Non-exclusive hire permits passengers to share a taxi or private hire car and each fare paying passenger pays the fare appropriate to the distance carried. Such a vehicle must have a Taximeter installed, regardless of its status.

Vehicles licensed as taxis may also be operated as “taxi buses”, a form of miniature local bus service, but operators must keep to pre-arranged route and in addition to a taxi licence from the Council will also require to be registered by the Traffic Commissioners for the Scottish Traffic Area, J Floor, Argyle House, 3 Lady Lawson Street, Edinburgh, EH3 9SE Tel: 0870 606 0440, from whom full details of the registration procedures may be had.

APPLICATIONS FOR LICENCES

Before making application for the appropriate licences, applicants should consider carefully the proposed use to which each vehicle is to be put. This is particularly important where an applicant seeks to operate a number of vehicles. If an applicant's business solely consists of conveying people as a result of a prior booking then the appropriate type of Licence which should be applied for is a Private Hire Car Licence. If the applicant's business is obtained from uplifting passengers without prior notice, on the street, a Taxi Licence should be applied for.

A separate application is required for each vehicle.

Applications for drivers' licences and for licences for Taxis and Private Hire Cars must be submitted to the Law and Administration Service at the appropriate address as follows:

North: St. Leonard's, Sandyhill Road, Banff, AB45 1BH

Central: Gordon House, Blackhall Road, Inverurie, AB51 3WA

South: Viewmount, Arduthie Road, Stonehaven, AB39 2 DQ

EXEMPTIONS FROM LICENSING

Certain classes of vehicle are exempt from the licensing system as follows:-

- (a) Vehicles picking up passengers whom they have previously dropped as part of an arrangement for a "to and from" journey starting outside Aberdeenshire;
- (b) Vehicles while being used in connection with a wedding or a funeral (i.e. those vehicles booked by the family or other party which has arranged the wedding or funeral);
- (c) Vehicles let on a contract of exclusive hire for periods of over 24 hours;
- (d) A public service within the meaning of Section 1(1)(a) of the Public Passenger Vehicles Act 1981 (as amended);
- (e) *A vehicle used for voluntary transport arrangements, e.g. for disabled people, where a small charge is made but the vehicle is run basically as a charitable activity.*

FUNCTION OF A TAXI

For the avoidance of doubt it should be noted that a vehicle holding a Taxi Licence is always to be considered a taxi notwithstanding that some journeys are as a result of a prior booking. This has an effect in view of the Licensing Authority's powers regarding the level of taxi fares.

INSURANCE

A licence cannot be granted to a vehicle which does not have a policy of insurance or such security as complies with Part VI of the Road Traffic Act 1988.

SUBSTITUTION OF VEHICLE

A vehicle may be substituted for the existing vehicle on the licence at any time. An application can be requested from the appropriate office and returned with the fee for the application and replacement plates. A test date will then be made at the appropriate testing station.

SURRENDER OF LICENCE

The Licence Holder, within 28 days of selling or otherwise disposing of the vehicle must deliver to the licensing authority his licence and any licence plates issued. Failure to do so is a criminal offence, punishable by a fine.

VEHICLE INSPECTION AND TESTING

This is covered in Section 2 of this booklet. Applicants should, however, note that new vehicles will not be exempt and that the police or an authorised officer of the licensing authority will also have the power of inspection of the vehicle at any reasonable time. In the event that the vehicle condition is not satisfactory to the Police or the licensing authority, the licence can be suspended forthwith until such time as the licensing authority or the Police are satisfied as to the vehicle's condition. All taxis must be fitted with taximeters. Private Hire Cars need not be fitted with taximeters unless it is proposed to run such a vehicle for non-exclusive hire, in which case a meter must be installed.

Taxis and Private Hire Cars are normally licensed for one year, and are required to be re-tested midway through the currency of the licence (i.e. approximately 6 months after the date on which the licence was granted).

DRIVERS' LICENCES

A Licence known as a Taxi Driver's Licence is required for driving or otherwise having charge of a Taxi or Private Hire Car. A Taxi driver Licence entitles the holder also to drive a Private Hire Car, so such licences will normally be issued in all cases, unless an applicant specifically requests a Private Hire Car driver licence.

DRIVERS' QUALIFICATIONS

The licensing authority is not empowered to grant a taxi driver's licence to any person unless that person has held, during any continuous 12 months prior to the date of the application, a licence authorising him to drive a motor car issued under the appropriate provisions of the Road Traffic Act 1988 or a licence which would at the time of the application entitle him to such a licence without taking a test. A driver who is the holder of a PSV Driver's Licence is not exempt from licensing requirements if he wishes to drive taxis or private hire cars. In the case of a taxi driver whose Driving Licence is suspended by any Court, the Taxi Driver's Licence automatically ceases to have effect during the period of suspension.

DRIVERS' IDENTIFICATION

It is a condition of taxi drivers' licences that the holder of such a licence is required to wear an identity badge, issued by the Council. Every applicant for a new licence or a renewal is required to supply 4 passport size photographs, one of which will be affixed to the Licence and one to the identity badge the rest will be retained by the Licensing Authority for record

and replacement purposes. The identity badge will show the driver's name, the date of expiry of the licence and the driver's unique "Driver Number".

MEDICAL EXAMINATION

The licensing authority may at any time require a driver to submit to medical examination so that the licensing authority may be satisfied that he/she is physically fit for the purpose of obtaining a licence.

DRIVER TESTING

?

FEES

All applications for licences must be accompanied by the appropriate fee, which will not be repayable in the event of any particular applicant or vehicle failing to meet the requirements of the licensing authority or if a licence is refused for any other reason. If a vehicle fails the inspection, then a re-test fee must be paid to the appropriate Law and Administration office prior to being given a re-test voucher

DURATION OF LICENCES

Licences of all types (drivers and vehicles) will come into effect on the date specified in the licence.

Taxi Licences and Private Hire Car Licences will normally have effect for ONE year from the date granted.

Drivers' Licences will normally have effect for THREE years from the date granted unless a shorter period is considered appropriate, e.g. for medical reasons

VEHICLE SIGNS

The Council on 25th August 2000 adopted a policy for signs/advertisements on taxis and private hire cars in order that clear guidelines on advertising and signs will be in place. The policy was amended on 3rd October 2003.

It is an existing condition of both Taxi and Private Hire Car Licences that the holder of a licence shall not display on his/her taxi or private hire car any advertisement, or any signs for the purpose of advertising its services as a taxi or private hire car other than those approved by the Licensing Authority. To deal with requests for approval of advertisements on vehicles the Council have approved a policy for each type of vehicle. The position regarding signs on vehicles is also clarified. The details are as follows:-

Taxis

The only signs allowed on taxis shall be roof signs and the plate issued by the Licensing Authority.

Advertising

Advertising is permitted on and/or in all taxis subject to the following conditions:-

- (a) Advertisements displayed on taxis will comply with Consumer Protection and Trading Standards legislation;
- (b) Advertisements must not (a) be placed on any of the vehicle's windows, or (b) obscure any identification plates, notices or roof sign.
- (c) Wheel hub advertising is permitted. These must be securely fitted and comply with the Taxi Inspection Centre's requirements.
- (d) Advertising of the following products is prohibited:
 - (i) alcoholic products (but not including advertisements for premises which are licensed in terms of the Licensing (Scotland) Act 1976); and
 - (ii) tobacco products including reference to sporting activities sponsored by tobacco companies where the tobacco producer or the name of the tobacco company is included;
- (e) The Council reserve the right to prohibit any advertisement displayed or be displayed on taxis.

Private Hire Cars

No signs are permitted on private hire cars.

The only form of advertising permitted is the display of the name of the Private Hire Car Firm, telephone number, e-mail address and website on the exterior of the front door panels of the vehicle and/or the exterior rear bodywork of the vehicle, subject to the lettering being no more than 2 inches high and 1½ inches wide.

Any operator who wishes to display an advertisement on either a taxi or private hire car would require to submit his or her request to the Council for consideration under their adopted policy. Full details of the advert proposed, including wording, size of lettering and details of graphics would require to be submitted.

Please retain this information for future use, if you are to submit any requests under the above policy.

RADIOS

Radios may be fitted as a communication system in taxis and private hire cars.

TAXI FARES

The Licensing Authority is obliged by the Act to fix scales for Taxi fares for the hire of a taxi under exclusive or shared hire arrangements. Any person who demands taxi fares or charges in excess of the scale so fixed shall be guilty of an offence.

Taxi fare scales must be reviewed by the Licensing Authority at intervals not exceeding 18 months. The Act provides that prior to fixing these scales the Licensing Authority must

consult with representatives of the taxi operators and must also give public notice of their proposals regarding the fares. Any interested person has thereafter one month to make written representations and the Licensing Authority after considering such representations shall fix the scale. The Act also provides for a right of appeal to the Traffic Commissioners for the Scottish Traffic Area by any taxi operator.

As an operator is free to negotiate a lower fare than that prescribed by the fare scale, it is envisaged that appeals would only be appropriate if an operator took the view that the ceiling placed on fares was not high enough to permit economic operation. The current taxi fare scale is published separately.

LICENSING CONDITIONS

Detailed control over Taxi and Private Hire Car operators and their drivers is exercised by the Licensing Authority by means of conditions attached to the licences. See Section 3 of this booklet for a complete list of the licensing conditions. The Act also details the procedures for variation of these licensing conditions and suspension of the licence should this be considered appropriate as a result of breaches. Failure to comply with licensing conditions is a criminal offence and may render the licence holder liable on conviction to a fine.

OFFENCES

In addition to the offences relating to licensing conditions, the Act also specifies a number of criminal offences in relation to Taxi and Private Hire Car licensing, e.g. operating a vehicle without the appropriate licence, driving a vehicle without the appropriate licence, overcharging. It should be noted that in addition to the powers of any Court, notification of convictions will be sent to the Licensing Authority who may order suspension of the licence.

TOWN AND COUNTRY PLANNING (SCOTLAND) ACT 1997

Operators should note that no taxi or private hire car licences will be granted or renewed unless the Licensing Authority is satisfied that for the premises where it is intended to keep the motor vehicle concerned, a planning consent in terms of the Town and Country Planning (Scotland) Act 1997 has been obtained, or, alternatively, confirmation that planning permission is unnecessary. It is the responsibility of applicants to ensure that they are complying with the legal requirements regarding planning and any operator who is in any doubt as to the effect of these on his premises should consult with the Planning Service in the appropriate Area.

SECTION 2

DETAILS OF SPECIFICATION AND EXAMINATION OF VEHICLES

1. General Information

The Licensing Authority requires that all vehicles for which applications for licences for taxis or private hire cars (new licences and renewals) have been made must be submitted for examination at the Council's Vehicle Examination Centre. After an application has been lodged, the applicant will be notified of the date and time when the examination will take place. Date and time for examination for the renewal and 6 month test of a vehicle licence will be advised when the renewal letters are sent out.

The Licensing Authority reserves the right to alter the date or time of such test in the event of unforeseen circumstances although every effort will be made to give applicants adequate notice of any alterations to the arrangements to avoid inconvenience.

The test will not only include items which will normally be checked within the Centre workshop, but also a road test which will include the checking of any taximeter where it is required.

2. Items to be tested

The Licensing Authority will NOT grant or renew any taxi or private hire car licence unless it is satisfied that the vehicle concerned is suitable in type, size and design for use as a taxi or private hire car and that it is safe for such use.

As well as the above, the security of the Battery and any oil leaks will also be checked. (*The inspection sheet may need to be changed*)

3. Taximeters

Where taximeters are required to be fitted, these will be tested and the meter calibration certificate must be exhibited at the time of inspection. Roof signs will require to be connected to taximeters, so that the sign is lit when the vehicle is “for hire” and unlit when “hired”.

4. Vehicle Dimensions, Seating etc.

The size of the vehicle will be taken into account in determining its suitability. Passenger carrying capacity permitted in terms of a licence will be determined according to the dimensions of the passenger seating accommodation. The statutory regulations under the Vehicles (Excise) Act 1971 may be used as a guide. In general terms, no vehicle will be licensed which is so constructed or adapted as to be incapable of carrying at least four passengers in reasonable comfort in addition to the driver. Rear seats would normally be a minimum of 45” across the back of the seat.

Vehicles should normally have an engine capacity in excess of 1300c.c and a minimum of four doors. Two door cars or three door hatchbacks will not be permitted. Metropolitan-type taxicabs will be acceptable.

5. Large Vehicles

It is anticipated that some larger vehicles which normally carry 6, 7, or 8 passengers may be submitted for licensing. Provided the passenger accommodation conforms to the specification mentioned in paragraph 4, and in addition the vehicle has a suitable door system to enable passengers to board and leave in safety, such a vehicle would normally be acceptable. Any vehicle intended for the carrying of more than 8 passengers is outwith the jurisdiction of the Licensing Authority and requires a Public Service Vehicle Licence from the Department of Transport.

6. Enforcement

In terms of Section 11 of the Civic Government (Scotland) Act 1982, the holder of a taxi or private hire car licence may be requested by the Licensing Authority to submit the vehicle for examination and the requirements for regular testing of vehicles are mentioned above. However, the Vehicle Examination Centre or the Police may, if they have cause at any time to be dissatisfied regarding the safety of a vehicle or the accuracy of the taximeter, require the licence holder to present the vehicle for a further inspection. In the event, as a result of such further examination, that a vehicle is not considered to be safe or a taximeter is not considered to be accurate, suspension of licence may follow, for a period of up to 28 days. Failure on the part of the licence holder to rectify any defects in the vehicle or taximeter within a period of 28 days may result in suspension of licence for a longer period up to and including the date upon which the licence would in any case have been due to expire.

SECTION 3

LICENSING CONDITIONS

1. CONDITIONS APPLICABLE TO TAXI LICENCES

1. The number of passengers which the vehicle shall be permitted to carry shall not exceed the number specified in the Licence.
2. The holder of a Taxi Licence shall ensure that the taxi, including all bodywork, upholstery and fittings is in a safe and serviceable condition and, subject to prevailing road conditions, is in a clean and tidy condition.
3. On receiving the requisite notice in writing from the Licensing Authority, the holder of a Taxi Licence shall produce his or her taxi for examination at such time and place as may be reasonably required by the Licensing Authority. Thereafter the taxi will be required to pass an annual inspection. Should the vehicle fail the inspection the Vehicle Inspector shall have authority to remove the plate from the vehicle. Only one re-test shall be permitted with the cost to be borne by the operator.
4. The holder of a Taxi Licence, when the taxi has been materially damaged in a vehicular accident or by any other means shall report the damage to the Licensing Authority within 48 hours, and if the taxi is roadworthy he shall present it for examination on a date to be specified by the Licensing Authority. It shall be at the discretion of the vehicle examiner if he considers the taxi unroadworthy, to issue an instruction that the taxi shall not be used until the repairs have been completed and the taxi re-examined in which case the holder of the Taxi Licence must apply to the Licensing Authority to re-test the vehicle and submit the appropriate fee.

As soon as the repairs to the taxi have been completed (which shall be within a period of 28 days, save in exceptional circumstances) the taxi shall be re-examined. In the event that the repairs cannot be completed within the period specified above, the licenceholder shall apply in writing to the Licensing Authority for an extension thereto.

5. The holder of a Taxi Licence shall not ask a driver of a taxi to do anything which would result in the driver contravening any law or committing a breach of the conditions attached to the grant of the driver's Licence.

7. The holder of a Taxi Licence shall be bound to fulfil or cause to be fulfilled at the time and location specified an engagement to hire his taxi which he has accepted unless prevented by sufficient cause.

9. The holder of a Taxi Licence shall ensure that while the vehicle is in use as a taxi any plates or other things which have been issued by the Licensing Authority for the purpose of indicating that the vehicle is a taxi are secured at all times and fixed to the outside of the licensed vehicle, at the rear off-side and in a position approved by an authorised officer of the Licensing Authority.
10. The holder of a Taxi Licence shall not obliterate or deface any plate or other thing which has been issued by the Licensing Authority for the purpose of indicating that the vehicle is a taxi and which is fixed to the taxi. If any such plate or other thing becomes obliterated or defaced so as not to be distinctly visible or legible or if any such plate or other thing is lost, the holder of the Taxi Licence shall report this to the Licensing Authority as soon as practicable in order to obtain from the Licensing Authority a replacement plate or other thing. If the vehicle licensed as a taxi ceases to be used in the trade or the Taxi Licence expires, is forfeited, suspended or revoked, any plate or other thing which has been issued by the Licensing Authority for the purpose of indicating that the vehicle is a taxi shall forthwith be returned to the Licensing Authority or to a Constable on his request.
11. The holder of a Taxi Licence shall obtain from the Licensing Authority a notice or notices detailing the approved maximum taxi fares and charges appropriate to exclusive or to shared hire of the taxi and shall display the notice or notices as appropriate in the passenger compartment of the taxi in such a position that it or they will be readily visible to the passengers being carried, which notice or notices shall incorporate a provision to the effect that the taxi may be operated on shared hire only with the consent of the first hirer or passenger; and (subject to condition 22 below, no other notice or notices of fares and charges shall be displayed).
12. The holder of a Taxi Licence shall, if the cost of the journey is not regulated by a Licensing Authority fare structure, and if the taxi is not being used as taxi-bus, take steps to ensure that any potential hirer of his taxi is informed, prior to acceptance of the hire (a) that the fare is not so regulated; and (b) the cost or method of calculating the proposed journey.
13. The holder of a Taxi Licence shall not display on his taxi any advertisement, or any signs for the purpose of advertising its services as a taxi other than those approved by the Licensing Authority.
14. The holder of a Taxi Licence shall display upon the roof of his taxi a sign of a type approved by the Licensing Authority for the purpose of identifying the vehicle as a taxi, and while the taxi is available for shared hire he shall display on the taxi in a position approved by the Licensing Authority a sign of a type approved by the Licensing Authority for the purpose of indicating that the taxi is available for shared hire.
15. The holder of a Taxi Licence shall at any time when the taxi is being used as a taxi-bus, cause to be displayed on the taxi in such a position and in such a form as may be prescribed by the Licensing Authority, a notice which indicates that the taxi is being used as a taxi-bus.

APPENDIX 2

16. The holder of a Taxi Licence shall have affixed to the taxi a taximeter which has been approved by the Licensing Authority as appropriate to the type of hire (whether exclusive or shared) for which the taxi is available or on which it is engaged. This condition shall not apply to any taxi while it is in use as a taxi-bus.
17. The holder of a Taxi Licence shall not use or cause or permit to be used on a taxi a road wheel or tyre of a different circumference from that for which the taximeter affixed to the taxi was designed, geared and has been tested and approved by the Licensing Authority.
18. The holder of a Taxi Licence shall only use a taximeter which has been stamped or sealed by the Licensing Authority after testing and approval as to distance and time in accordance with the approved taxi fares and charges. Once a taximeter is fitted to his taxi, he shall not tamper with the taximeter or break or tamper with any seal or stamp on such taximeter or any attachment fixed thereto by the manufacturer or Licensing Authority except to remove the taximeter for repair or replacement. Should the seal be broken or the taximeter repaired or replaced, the taximeter shall be re-tested and passed by or on behalf of the Licensing Authority before being used again.
19. The holder of a Taxi Licence shall ensure that the taximeter is fitted to his taxi in a position approved by the Licensing Authority.
20. The holder of a Taxi Licence shall not knowingly operate the taxi or cause or permit it to be operated other than as a taxi-bus, while the seals affixed to any taximeter and, where so affixed, to the vehicle, are broken or detached.
21. The holder of a Taxi Licence shall not knowingly use or cause or permit to be used a taximeter which is in any way defective.

23. The holder of a Taxi Licence must carry in suitable fasteners in his taxi a fire extinguisher of a type and in a position approved by the Licensing Authority and must carry a First Aid Kit in a suitable container in his taxi, of a type and in a position approved by the Licensing Authority.
24. When a taxi is withdrawn from service by an authorised officer of the Licensing Authority or a Constable in accordance with Section 11 of the Civic Government (Scotland) Act 1982 he shall affix a label bearing (a) the words "this hire car is meantime certified unfit for public use" and (b) the date of withdrawal in a position within the passenger compartment of the taxi so that it is readily visible to intending passengers. Such a label shall have the effect of suspending the Licence and only an authorised officer of the Licensing Authority may permit the removal of the label. Any person who attempts to remove or deface the said label shall be guilty of a breach of these conditions and liable to prosecution.

APPENDIX 2

25. The holder of a Taxi Licence shall not obstruct a duly authorised officer of the Licensing Authority or a Constable in the performance of any of his duties under these conditions.
 26. The holder of a Taxi Licence shall comply with all instructions or directions of a duly authorised officer of the Licensing Authority or a Constable in relation to these conditions and shall give him all information he may reasonable require in the discharge of his duties.
 27. The holder of a Taxi Licence shall not hire his vehicle to the holder of a Taxi Driver's Licence, or to any other person. The holder of a Taxi Licence shall not lend his vehicle to the holder of a Taxi Driver's Licence or to any other person save for domestic purposes, except with the written authority of the Licensing Authority. For the avoidance of doubt there shall be nothing to prevent the holder of a Taxi Licence from employing the holder of a Taxi Driver's Licence to drive the licensed taxi.
 28. The holder of a Taxi Licence shall ensure that, while the vehicle is not in use as a taxi, any plates, or other things which have been issued by the Licensing Authority for the purpose of indicating that the vehicle is a taxi, shall be covered or obscured.
 29. The holder of a Taxi Licence shall ensure that, while the vehicle is not in use as a taxi, any roof sign indicating that the vehicle is a taxi, shall be removed, covered or obscured.
 30. The holder of a Taxi Licence shall surrender his Licence for a taxi within 7 days of the vehicle ceasing to be used in the trade or of the expiry, suspension, forfeiture or revocation of the Licence.
