The Deveron House Hotel, Macduff was inspected prior to the Quarterly Meeting in October 1997. The premises have a first floor function room which does have separate toilet facilities. There is an entrance door leading up a flight of stairs to the function room which is separate to the main entrance of the hotel. However, this door also provides access to the upper floor of the hotel as well as the function room. In order to separate the function room from the remainder of the hotel, the Licence holder requires to lock several doors, which impinges on the fire safety regulations. The premises were found not to meet the Board's criteria for regular extensions. The regular extension in respect of these premises has since been allowed to expire.		
The premises below were inspected prior to the October 1996 and January 1997 Quarterly Meeting in respect of application for entertainment licences that were subsequently refused. The Board found that the premises did not meet the criteria for regular extensions in respect of entertainment licences. The premises are basically run as a nightclub downstairs and the upstairs can be run as a disco for dances and private functions. One of the upstairs rooms can also be used as a restaurant. There are separate entrances and toilet facilities for each level but persons can move between floors within the premises.

<p>The above premises were inspected prior to the Quarterly Meeting in October 2001. It was noted that there were broken windows upstairs that required repair.</p> <p>All speakers had been soundproofed and raised off the floor to prevent vibration. The crack in the rear wall had been fixed which had made a great difference. Emergency exits – additional door-frame, filled with glass wool insulation. Covered with foam sheeting then rubber sheeting, Doors are lead lined.</p> <p>Back stage wall, made of plasterboard, has had two extra layers of plasterboard added.
