

Aberdeenshire Council Complaints performance report Q3 October – December 2015

Aberdeenshire Council is publishing its performance of complaints handling to provide assurance in relation to our performance, to deliver continuous improvement and to assist in benchmarking between local authorities. Reporting of complaints is monitored by Audit Scotland in conjunction with the Scottish Public Services Ombudsman (SPSO) and in line with the principles of the Best Value arrangements.

The Council's Complaints Procedure and the performance indicators below adhere to the requirements set out by the SPSO's Model Complaints Handling Procedure.

The Council aims to resolve complaints quickly and close to where the service is provided:

- Front Line stage (Stage one) complaints could mean immediate action to resolve the problem or complaints which are resolved in no more than five working days.
- Investigation stage (Stage two) deals with two types of complaints: those that have not been resolved at Stage 1 and those that are complex and require detailed investigation.
- After the Council has fully investigated the complaint, and if the customer is still not satisfied with the decision or the way the Council dealt with the complaint, then it can be referred onto the SPSO.

Our Complaints Performance

We will publish complaints performance information quarterly and annually.

Customer Satisfaction with our Complaints Procedure

We welcome feedback from customers on our complaints procedure. You can give us feedback about our complaints procedure by phone, face to face, in writing or on-line.

We asked the complainants we responded to by email, 5 questions to help us review the complaints handling process itself, rather than the outcome of the complaint. The following graphs show data collected starting from October – December 2015. A total of 5 surveys.

Please note – We continue to find that, although we ask complainants to rate their experience with the way in which their complaint was handled and not about the complaint itself, this is not always understood or adhered to and this reflects in the comments and results.

Q1: Before you contacted us, were you aware that the council had a formal complaints procedure?

Q2: Aberdeenshire council is committed to providing excellent customer services, how would you rate your overall experience of the complaints procedure? (Please note: we are asking you to rate your experience with the way in which your complaint was handled and not about the complaint itself)

Q3: Were you satisfied with how easy it was to make a complaint?

Q4: How satisfied were you with the service provided by the Officer in any correspondence you may have had with them?

Q5: Can you suggest any improvements we could make to this service/other comments?

- Difficult to find appropriate route to complain
- Once under investigation, the Investigating Officer was very good
- The time taken to respond was not to my satisfaction and the lack of a clear process ie how the complaint was handled
- The time taken to respond was great and there was a clear process as to how the complaint was handled
