### **Works for Use by Disabled Occupant**

The Fee Regulations state that no fee shall be payable where the purpose of the work to which the application relates is to alter or extend a dwelling to improve its suitability for use by a disabled occupant. The relief, therefore, is not for disabled people in general, it relates specifically to works to provide facilities for disabled people as defined in the building standards. This definition is a person with a physical, hearing or sight impairment which affects their mobility or their use of buildings.
