

Ellon Community Council

Brittany Langley

My name is Brittany Langley and I think I would be a good addition to the Ellon Community Council.

I think Ellon is a friendly town, so it is important to keep it looking good to welcome people;

I think civic pride and litter are important topics to be discussed.

I also think it would be a good idea to try and fund something aimed towards teenagers, as most things to do in Ellon seem to be more aimed towards younger children. Since people can often feel intimidated by teenagers, although they are not causing any trouble, I think this is an important issue to be looked into.

Finally, I would like to discuss the possibility of new shops or restaurants being set up in Ellon, as I have asked around and that seems to be one of the most common things people want more of.

I would like to join the Community Council to have the opportunity to work on these issues, as well as taking part in helping to organise some of the well known events that they organise, such as the Christmas lights festival and the Ellon bonfire.
