## Notes

1. The name and address of the owner is required as the procedure regulations require the owner to be informed if a completion certificate is rejected.
2. The procedure regulations provide for matters which would raise security concerns to be excluded from inspection, or from copying unless the owner has given consent in writing. Details of residential buildings generally will be available only to interested parties, defined as the owner, occupier, tenant or prospective tenant.
3. A submission for work which should have had a building warrant must be accompanied by the plans, specifications and other information that would have accompanied an application for a building warrant. A fee, equal to that for a late submission of an application for building warrant is also required. Note that the building regulations which apply are those in force at the date of submission of this certificate.

## WARNING

This certificate does not permit the occupation or use of a building following construction or conversion. It is an offence to occupy or use such a building until a 'notice of acceptance of a completion certificate' is obtained except where this is for the purpose of the construction or conversion of the building. Note that temporary permission may be obtainable from a verifier, and note that the restriction on occupation or use does not apply to alterations.

If any person submits a completion certificate containing a statement which that person knows to be false or misleading in a material particular or recklessly submits a completion certificate containing a statement which is false or misleading in a material particular the person will be guilty of an offence and liable on summary conviction to a fine not exceeding level 5 on the standard scale.
