### Other information

- O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

The site lies within the settlement boundaries defined for Hatton in ALP 2006. It really seeks to have a small part of the protected area designation removed. This would allow the proposer, a significant landowner round the village, to build a house within the village, without infringing any important planning principles concerning siting.
