The proposed development on the north side of the A90 has a good landscape fit with the existing village. If additional employment land is needed, the area south of the A90 would

be acceptable. Both parts could have very satisfactory access to the main road though a roundabout would be likely to be required. Sufficient land exists to allow this to be provided.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

The bid site extends to a total of almost 33ha and is well-positioned in relation to Hatton vilage and, in particular, to the A90 road.

Hatton is located in one of the three Strategic Growth Areas identified in the Draft Aberdeen City and Shire Structure Plan of April 2008, as the prime focus for 75% to 80% of development by 2030. Within that strategy, the Aberdeen to Peterhead corridor has been pinpointed for economic growth and diversification. The land proposed in the Hatton bid site is ideally placed to play a key role in that growth strategy as a significant area of employment land.

If there is any interest shown by the council in the possible development of this bid site then appropriate Assessments specified in Section C5 of this Proposal Form could be carried out, quite quickly.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service , Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to ldp@aberdeenshire.gov.uk.
