### The wider area

A1

Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?)

Pettens Farm, Balmedie is sited off the A90 to the west of Menie Estate (Please see attached location plan with site outlined in red).

- The northern and eastern boundaries of Pettens Farm are sited directly adjacent to land at Menie Estate, the majority of which we believe is under the control of The Trump Organisation (Please see attached location plan with boundary of land under the control of The Trump Organisation outlined in blue).

- Pettens Farm is sited along the course of the proposed Energetica Corridor which is to stretch from the Bridge of Don to Peterhead for the creation of business, leisure and housing space. We understand that Gillespies are working together with Scottish Enterprise and partners in the production of a masterplan for the Corridor.

- The Draft Structure Plan illustrates that the site is within the Ellon Strategic Growth Area (SGA) where a total of 2400 residential units have been allocated until the year 2030. Draft Structure Plan highlights that whilst far less housing is to be allocated in this SGA than the other two SGA's, it is anticipated that the amount of new housing could increase in the second half of the plan period.

Proposals to develop Pettens Farm are at a very early stage. It is appreciated that any proposal to develop the farm cannot proceed by itself and would require to be integrated as part of the wider ideas and concepts currently being deliberated for this area of Aberdeenshire in terms of the Energetica masterplan, and on the basis of a masterplan coming forward for further development at Menie Estate.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes   
No

If you have undertaken a site assessment please provide details

*Statement attached*
