The wider area

A1 Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?) Any design of the proposal shall arise from an indepth public engagement process which will listen to the views of the local community. Great care will be made to make any development form part of an attractive entrance to the village itself and form connectivity with the original urban form. Traditional materials, architecture and urban principles will also be used to create a complementary development.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes
No

If you have undertaken a site assessment please provide details

Statement attached

The Code for Sustainable homes or WWW.index21.org.uk provides guidance on this issue

Effect on the community

Has there been any opportunity for local people to influence what you propose through local engagement?

Yes

No

Not Yet

If you have undertaken any community consultation please provide details of the ways in which engagement was conducted, its effectiveness and the way in which it has influenced your proposals. Please provide details of any engagement you may propose to undertake.

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More
25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

Our objective is to make all our properties affordable. Developments that are urban (or village like) in style tend to have a solid mix of different properties that allow the developer to provide a full range of properties across all price ranges. Should we require to provide housing through housing associations or similar, we would look to do this within the context of the existing local plan policies.

This proposal is all about sustainable urban communities and as such, issues dealing with mixed use, mixed tenure, walkable neighbourhoods, useable green spaces are a major principle. We want Tipperty to grow into an organic community which is able to survive and thrive for a long period of time. Any specific benefits will come from the public engagement workshops, still to be undertaken.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)

C4 How easy is it for people using or living in the development you propose to access services? Are the following facilities within:

	400m	400m-1k	>1km
	<small>Please tick appropriate box</small>		
Local Shops	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community facilities (eg Hall)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Sports facilities (eg playing fields)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Employment areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Residential areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public Transport networks	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>
Other (Please specify)	Yes <input type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>

If you propose to provide any of these as a component of the development itself then please answer "yes". NA=Not Applicable

Servicing the site

C5 Have you undertaken any of the following studies to determine whether your site is capable of being developed, or what might be required by you to make it developable?

Flood Risk Assessment	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	NA <input type="checkbox"/>
Traffic Impact Assessment	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	NA <input type="checkbox"/>

Drainage Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Habitat / biodiversity Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Other as applicable (eg noise, dust, smell Retail impact etc)	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>

Rather than full studies it may be appropriate to undertake initial assessments to identify the scale of any works that might be required, as this will impact on the deliverability of the proposal. This assessment may be no more than an exchange of letters with appropriate agencies. Information on water and sewage capacity is available online at :
http://www.scottishwater.co.uk/portal/page/portal/SWE_PGP_CONNECTIONS/SWE_CORP_CONNECTIONS/ASSET_CAPACITY_SEARCH

C6 What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

We anticipate commencing an extensive and indepth public engagment process during 2009. This would be based on the successful process carried out at Cromleybank, Ellon and at Insch, where the community evolved the plans.

All services, house types, layouts, transport links and road layouts would be derived from the thoughts of the community at various public workshops.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service , Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to ldp@aberdeenshire.gov.uk.
