The addition of this quite small parcel of land to the land to the north already allocated in Alp 2006 would avoid creating an area of dead land between that allocated site and the WWTP to the south-east. The southern boundary of the extension would run to the edge of the defined cordon sanitaire drawn round the treatment plant.

 ARCH

- C6 What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

- O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

As well as avoiding the creation of dead land between the existing allocated site to the north and the WWTP, the bid site includes the additional land within the treed walkway around the entire site and brings this part within the village proper and gives it a natural boundary, in keeping with the established character of the surrounding area.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service, Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to fdp@aberdeenshire.gov.uk.
