Aberdeenshire Local Development Plan 2008

Proposal for a site to be included in the Main Issues Report

Please use this form to provide details of the site that you wish to have included in the Main Issues Report for consideration as a proposal for the Aberdeenshire Local Development Plan.

Fo 131

One of the purposes of this form is to inform a public debate on the merits of the different sites being proposed. All information submitted will therefore be made available to the public to promote a transparent and open process.

Please feel free to provide any further information you feel appropriate to support your submission. Please ensure your proposal is with us by 6 November 2008.

N1 Name of proposer:
Scotia Homes
Date: 28/10/08
Postal Address:
23 Bridge Street, Ellon, AB41 9AA.

N2 Name of landowner (if known) [REDACTED]
Postal address of landowner [REDACTED]

To comply with the data protection Act 1998 this information will not be made public

The site and your proposals

S1 Under what name would you like the site to be identified? Collieston North.

Have you any information on the internet which promotes your aspirations for the site? If so please provide the URL :

The site name could be descriptive ("Site north of") or an address (Site at Westburn Road , Aberdeen)

S2 Have you provided a map showing the exact boundaries of the site you would like considered? Yes No

S3

Please provide the National Grid reference of the site

NK040287

S4 What is the current use of the site? Farmland

Has the land been built upon before (Brownfield Land)? Yes No

Is there any suspicion that the land is contaminated? Yes No

If yes Please provide a statement of the nature and extent of the contamination suspected
Statement attached

S5 What use(s) do you propose for your site? Integrated mixed use.

Residential, business and community uses, all within an integrated urban form.

If you are proposing a mix of uses on your site please ensure that the area of each is noted on the site plan

S6 Are you proposing to phase your development? Yes No

If you are proposing phasing your development please provide additional details of what is anticipated to be built, and when. 25 residential completions per year with associated mixed units in accordance with a community generated masterplan. To commence after planning acceptance.

S7 If you are proposing housing on the site please provide us with details of what you think would be appropriate, both in terms of the number of dwellings, and their form (Flats, detached houses etc). 40-50 units, ranging from 1 bed flats to large detached houses. All within an urban framework.

If you have a design statement or other details about what you would like to see on the site, please include it.

S8 If you are proposing business land please provide us with details of what you would market the land for?

Businesses and offices (Use class 4)

General industrial land (Use Class 5)	<input type="checkbox"/>		
Storage and distribution (Use Class 6)	<input type="checkbox"/>		
Do you have a specific occupier in mind for the site?	Yes	<input type="checkbox"/>	No <input type="checkbox"/>
Please make sure the area of land proposed for business use shown on the site plan.			

S9

If you are proposing uses other than housing or business please provide us with as much detail as possible on what you propose. Any additional uses we provide would be dependant on the outcome and findings of the indepth public engagement process which will be undertaken and community demand. Any uses would be consistent with a traditional village streetscape environment, local architecture and community surroundings.

Please continue on additional sheets as required.

The wider area

A1

Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?) As part of the community engagement process which we hope to undertake within the next few years, the way any development fits into the landscape is absolutely essential..

Urban design principles will also be an essential element and a masterplan will be formed through public involvement and this will be used to guide and control any development, and will also form part of any planning application.

The site will also form an important gateway into Collieston and considerable effort will be made to enhance this for visitors and residents alike.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2

If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3

Have you applied principles of sustainable siting and design to your site? Yes
No

If you have undertaken a site assessment please provide details

Statement attached

The Code for Sustainable homes or www.index21.org.uk provides guidance on this issue

Effect on the community

C1 Has there been any opportunity for local people to influence what you propose through local engagement? Yes
No
Not Yet

If you have undertaken any community consultation please provide details of the ways in which engagement was conducted, its effectiveness and the way in which it has influenced your proposals. Please provide details of any engagement you may propose to undertake.

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More 25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

Our objective is to make all our properties affordable. Developments that are urban (or village like) in style tend to have a solid mix of different properties that allow the developer to provide a full range of properties across all price ranges. Should we require to provide housing through housing associations or similar, we would look to do this within the context of the existing local plan policies.

This project is also about sustainable urbanism and as such, issues dealing with mixed use, mixed tenure, walkable neighbourhoods, usable green spaces are a major principle. In this context the plan is Collieston will be an organic community which is able to survive and thrive for generations to come, without being reliant on a motor vehicle for basic services and supplies.

There will no doubt be many other benefits which will acruce to the community and many of these will be identified through the public engagement process.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)

C4 How easy is it for people using or living in the development you propose to access services? Are the following facilities within:

	400m	400m-1k	>1km
	<small>Please tick appropriate box</small>		
Local Shops	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Community facilities (eg Hall)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Sports facilities (eg playing fields)	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Employment areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Residential areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public Transport networks	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>
Other (Please specify)	Yes <input type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>

If you propose to provide any of these as a component of the development itself then please answer "yes". NA=Not Applicable

Servicing the site

C5 Have you undertaken any of the following studies to determine whether your site is capable of being developed, or what might be required by you to make it developable?

Flood Risk Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Traffic Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Drainage Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Habitat / biodiversity Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Other as applicable (eg noise, dust, smell Retail impact etc)	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>

Rather than full studies it may be appropriate to undertake initial assessments to identify the scale of any works that might be required, as this will impact on the deliverability of the proposal. This assessment may be no more than an exchange of letters with appropriate agencies. Information on water and sewage capacity is available online at :
http://www.scottishwater.co.uk/portal/page/portal/SWE_PGP_CONNECTIONS/SWE_CORP_CONNECTIONS/ASSET_CAPACITY_SEARCH

C6 What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

This Collieston proposal will be considered in depth by the public engagement process which will be held in the next few years. It will be open to all local residents, local businesses and community groups. Councillors and council officials will be encouraged to become involved to offer advice on all aspects of the development, including ecology, heritage, roads, affordable housing, community facilities, education, services and infrastructure. After a series of workshops, where all interested parties will be involved and their views and ideas recorded and studied, a masterplan will be produced looking at how Collieston can expand for the better in the long term. The findings and vision of this masterplan will be entirely community led and with the communities long term sustainability at heart.

The masterplan and a scale model will be presented and displayed at a final public meeting at Collieston and this agreed masterplan will form the basis of any planning application at Collieston.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service , Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to ldp@aberdeenshire.gov.uk.

Fair Processing Notice

- The Data Controller for this information is Aberdeenshire Council.
 - The data will be used for the following purposes:
 - 1) to inform a public debate on the merits of the different sites being proposed,
 - 2) to evaluate submitted bids
 - This data will potentially be disclosed worldwide (via publication on Internet)
- By completing and submitting this form, you are consenting to the above processing.
