Other (as applicable (eg noise, dust, smell Retail impact etc)	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	NA <input type="checkbox"/>

Rather than full studies it may be appropriate to undertake initial assessments to identify the scale of any works that might be required, as this will impact on the deliverability of the proposal. This assessment may be no more than an exchange of letters with appropriate agencies. Information on water and sewage capacity is available online at : http://www.scottishwater.co.uk/portal/page/portal/SWE_PGP_CONNECTIONS/SWE_CORP_CONNECTIONS/ASSET_CAPACITY_SEARCH

C6 What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

A development of up to 40 number private dwelling houses. The site is readily accessible but also surrounded by mature woodland, and would provide a superb living environment for prospective occupiers. It within easy reach of local goods and services by foot, cycle or public transport, and also the amenity provided by the seafront adjacent to the settlement of Balmedie.

The development is located in a local area which is likely to see a strong demand for housing due to the recent approval of the Trump proposals. It is thought that this housing area within a nearby village would provide an ideal location for those employed in the day to day operations of this development following its completion. Such a development would provide a manifest 'spin off' benefit to the local community arising from the Trump golf courses, hotel and housing.

All services are available within easy reach of the site.

The proposals would be for an architect designed, environmentally sensitive scheme, designed in response to the demands of site and brief.

It is anticipated that the development would be carried out by a small scale developer or house builder, and that the emphasis would be on providing high quality dwellings with a low energy requirements and using sustainable technologies.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service , Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to ldp@aberdeenshire.gov.uk.
