The site would be fully provided with a wide range of support services including shops, schools, community and recreational facilities and health provision.

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

Inverurie is located in one of the Strategic Growth Areas identified in the Draft Aberdeen City and Shire Structure Plan as being the prime focus for 75% to 85% of development by 2030.

Within that strategy, the Laurencekirk to Huntly corridor has been pinpointed as being in line for significant development. The recent Inverurie and Kintore Capacity Study produced a figure of 65000 residential units within the Inverurie area.

Development of the golf course site for housing would make a significant contribution to that figure. It would, of course, be linked to the relocation of the golf club to a new site and that appears to be a possibility on land to the south-east of the town.
