The design of our proposed development shall complement the existing venacular of the surrounding area. The design of the proposed development shall take into account the excellent views on offer to the south, which also would afford the site the opportunity to maximise solar gain.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes
No

If you have undertaken a site assessment please provide details

Statement attached

The Code for Sustainable homes or WWW.index21.org.uk provides guidance on this issue

Effect on the community

C1 Has there been any opportunity for local people to influence what you propose through local engagement? Yes
No
Not Yet

If you have undertaken any community consultation please provide details of the ways in which engagement was conducted, its effectiveness and the way in which it has influenced your proposals. Please provide details of any engagement you may propose to undertake.

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More 25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

Affordable Housing - we shall be providing an on site provision of at least 25%. This will provide much needed housing for local people. The tenure mix will be discussed with the Council and Housing Associations to ensure that local needs are met.

Subject to requirements from the Council, we would propose to incorporate the provision of community facilities/open space on site. Alternatively we would make an offsite financial contribution towards the facilities that would benefit the wider community in addition to the proposed residents, such as education provision or community facilities. This would be clarified following discussions with the Council.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)

C4 How easy is it for people using or living in the development you propose to access services? Are the following facilities within:

	400m		400m-1k		>1km
				Please tick appropriate box	
Local Shops	<input type="checkbox"/>		<input checked="" type="checkbox"/>		<input type="checkbox"/>

Other (Please specify)	Yes <input type="checkbox"/>	No	<input type="checkbox"/>	NA	<input checked="" type="checkbox"/>

If you propose to provide any of these as a component of the development itself then please answer "yes". NA=Not Applicable

Servicing the site

C5 Have you undertaken any of the following studies to determine whether your site is capable of being developed, or what might be required by you to make it developable?

Flood Risk Assessment Yes No NA

Traffic Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Drainage Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Habitat / biodiversity Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Other as applicable (eg noise, dust, smell Retail impact etc)	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>

Rather than full studies it may be appropriate to undertake initial assessments to identify the scale of any works that might be required, as this will impact on the deliverability of the proposal. This assessment may be no more than an exchange of letters with appropriate agencies. Information on water and sewage capacity is available online at :

ARCH

C6 What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

The site at Cairnfield has been identified in the Draft Westhill Capacity Study, which is expected to inform the next Aberdeenshire Local Plan, as being part of the area identified as most suitable for residential development within Westhill. In Part 3: Recommendations of the Capacity Study it states that this area "should be considered a priority area for development, subject to community acceptability of the coalescence of Kirkton of Skene and Westhill. The use of this area has the potential to create several benefits for Westhill in terms of being in close proximity to community facilities of Kirkton of Skene and open space, as well as relieving pressures on development".

The site bounds the proposed Stewart Milne development at Broadshade to the east and could act as an extension to it without the need for coalescence with Kirkton of Skene, even if the community acceptability of the Capacity Study is not forthcoming.

There continues to be a very high demand for housing in Westhill which was identified as one of the main issues affecting the settlement in the current Aberdeenshire Local Plan.

The site can contribute towards fulfilling the requirement within the Draft Aberdeen City & Shire Structure Plan for the Aberdeen Housing Market Area of 1700 units within the Plan period.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service , Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to ldp@aberdeenshire.gov.uk.
