The site and your proposals

S1 Under what name would you like the site to be identified? Kirktown of Fetteresso

K5

Have you any information on the internet which promotes your aspirations for the site? If so please provide the URL :

The site name could be descriptive ("Site north of") or an address (Site at Westburn Road , Aberdeen)

S2 Have you provided a map showing the exact boundaries of the site you would like considered?

S3 Yes No

Please provide the National Grid reference of the site

385350, 785580

S4 What is the current use of the site? Occasional pasture

Has the land been built upon before (Brownfield Land)? Yes No

Is there any suspicion that the land is contaminated? Yes No

If yes Please provide a statement of the nature and extent of the contamination suspected

Statement attached

S5 What use(s) do you propose for your site? Housing and public open space

If you are proposing a mix of uses on your site please ensure that the area of each is noted on the site plan

S6 Are you proposing to phase your development? Yes No

If you are proposing phasing your development please provide additional details of what is anticipated to be built, and when.

S7 If you are proposing housing on the site please provide us with details of what you think would be appropriate, both in terms of the number of dwellings, and their form (Flats, detached houses etc). 4 detached single storey dwellings

1 Affordable single storey dwelling

If you have a design statement or other details about what you would like to see on the site, please include it.

Please make sure the area of land proposed for business use shown on the site plan.

S9

If you are proposing uses other than housing or business please provide us with as much detail as possible on what you propose. Public open space, with a landscaped public park and walkway

Please continue on additional sheets as required.

The wider area

A1

Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?)
The development is on a raised area of ground above the Carron Water close to the railway line. For many years this has been used as rough occasional grazing with makeshift stabling for ponies. Kirktown of Fetteresso is a quaint hamlet on the periphery of Stonehaven with a housing stock of traditional housing with modern extensions and 1980's bungalows.

It would be our client's intention to erect 5 semi detached storey and half houses traditional in character and the use of materials.

Tree planting and generous soft landscaping would blend the development into its surroundings. The site lies at the foot of a railway embankment and is therefore hidden from view from almost every approach.

K5

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes
No

If you have undertaken a site assessment please provide details

Statement attached

The Code for Sustainable homes or www.index21.org.uk provides guidance on this issue

Effect on the community

C1 Has there been any opportunity for local people to influence what you propose through local engagement? Yes
No
Not Yet

If you have undertaken any community consultation please provide details of the ways in which engagement was conducted, its effectiveness and the way in which it has influenced your proposals. Please provide details of any engagement you may propose to undertake.

Q2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More
25% or Less

Q3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

On the eastern end of the site a public park would be formed to provide public open space where no public amenity land exists.

This development is contiguous with the existing dwellings of the settlement. It also offers an affordable house in an area of the town where none exists.

Stonehaven itself cannot boast a great deal of public open space and this would go at least some way to ameliorating this position. This would enhance the quality of what is presently an untidy part of the town. The land is of little agricultural use

Further land may be available for forming paths to link with a wider network of paths and woodland walks

Employment opportunity would be offered during the construction of the project and in its servicing requirements thereafter

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)

Q4 How easy is it for people using or living in the development you propose to access services? Are the following facilities within:

	400m	400m-1k	>1km
Local Shops	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Community facilities (eg Hall)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Sports facilities (eg playing fields)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
Employment areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Residential areas	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Public Transport networks	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>
Other (Please specify)	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>
Schools, tea room and meeting hall nearby			

If you propose to provide any of these as a component of the development itself then please answer "yes". NA=Not Applicable

Servicing the site

Have you undertaken any of the following studies to determine whether your site is capable of being developed, or what might be required by you to make it developable?

Flood Risk Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Traffic Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Drainage Impact Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Habitat / biodiversity Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Other as applicable (eg noise, dust, smell Retail impact etc)	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>

Rather than full studies it may be appropriate to undertake initial assessments to identify the scale of any works that might be required, as this will impact on the deliverability of the proposal. This assessment may be no more than an exchange of letters with appropriate agencies. Information on water and sewage capacity is available online at :

 ARCH

What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

The development affords an opportunity to provide a modest increase in the housing stock of a residential area within walking distance of the station, bus routes and schools.

It offers an alternative opportunity for a sustainable residential area on the outskirts of Stonehaven yet within walking distance of all the main services
