The site and your proposals

S1 Under what name would you like the site to be identified? Hillcrest Park, Marymill,
Marykirk.

Have you any information on the internet which promotes your aspirations for the site? If so please provide the URL :

The site name could be descriptive ("Site north of") or an address (Site at Westburn Road , Aberdeen)

S2 Have you provided a map showing the exact boundaries of the site you would like considered?

S3 Yes No

Please provide the National Grid reference of the site

368800x765500

S4 What is the current use of the site? Green field.

Has the land been built upon before (Brownfield Land)? Yes No

Is there any suspicion that the land is contaminated? Yes No

If yes Please provide a statement of the nature and extent of the contamination suspected
Statement attached

S5 What use(s) do you propose for your site? Mixed use development of housing and retail.

If you are proposing a mix of uses on your site please ensure that the area of each is noted on the site plan

S6 Are you proposing to phase your development? Yes No

If you are proposing phasing your development please provide additional details of what is anticipated to be built, and when. Development would be phased to suit market conditions.

S7 If you are proposing housing on the site please provide us with details of what you think would be appropriate, both in terms of the number of dwellings, and their form (Flats, detached houses etc). 43 Detached houses.

12 Affordable Flats

3 Retail units.

Please make sure the area of land proposed for business use shown on the site plan.

S9 If you are proposing uses other than housing or business please provide us with as much detail as possible on what you propose. Small retail units. At present the village is devoid of a shop.

Please continue on additional sheets as required.

The wider area

A1 Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?) The scheme would be developed as a central village green with detached housing around this core. The houses would be individually designed to reflect the diverse nature of properties already in the village. Tree planting and soft landscaping would be encouraged around the perimeter of the site with a public footpath system to link the scheme to the village and to the surrounding landscaped areas. Access would be provided at both the north and south of the development to better facilitate transport movement through the village.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes
No

If you have undertaken a site assessment please provide details

Statement attached

The Code for Sustainable homes or www.index21.org.uk provides guidance on this issue

Effect on the community

C1 Has there been any opportunity for local people to influence what you propose through local engagement? Yes
No
Not Yet

If you have undertaken any community consultation please provide details of the ways in which engagement was conducted, its effectiveness and the way in which it has influenced your proposals. Please provide details of any engagement you may propose to undertake.

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More
25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

The scheme will help to maintain a critical mass of population within the village supporting existing services in the form of school, social and community facilities. Employment will be created both in the construction of the scheme and in its future service requirements.

Circulation patterns of both pedestrian and vehicular traffic will be better served by the scheme reducing the use of the main trunk road as a service route within the village.

A small retail facility will be developed to create employment and better service the needs of the residents and surrounding community.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)

C4 How easy is it for people using or living in the development you propose to access services? Are the following facilities within:

	400m	400m-1k	>1km
	<small>Please tick appropriate box</small>		
Local Shops	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Public Transport networks	Yes <input checked="" type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>
Other (Please specify)	Yes <input type="checkbox"/>	No <input type="checkbox"/>	NA <input type="checkbox"/>

If you propose to provide any of these as a component of the development itself then please answer "yes". NA=Not Applicable

Servicing the site

C5 Have you undertaken any of the following studies to determine whether your site is capable of being developed, or what might be required by you to make it developable?

Flood Risk Assessment	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	NA <input type="checkbox"/>
Traffic Impact Assessment	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	NA <input type="checkbox"/>
Drainage Impact Assessment	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	NA <input type="checkbox"/>

Habitat / biodiversity Assessment	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>
Other as applicable (eg noise, dust, smell Retail impact etc)	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>	NA	<input type="checkbox"/>

Rather than full studies it may be appropriate to undertake initial assessments to identify the scale of any works that might be required, as this will impact on the deliverability of the proposal. This assessment may be no more than an exchange of letters with appropriate agencies. Information on water and sewage capacity is available online at :

 ARCH

C6 What are the access arrangements you propose for the site. Does your site plan clearly show where you propose to access the road network? Yes No

Other information

O1 What other information would you like to be considered in support of your proposal? In order to comply with the Data Protection Act 1998 please do not include any personal information

Marykirk is an attractive and desirable village in which to live with few development sites available out with the flood plain of the North Esk river. This site offer an easily serviced extension to the existing village which both enhances the facilities of the existing community and offers an opportunity to sustain population numbers.

The environmental impact on the landscape would be minimal and all new accomodation could be serviced from existing established systems.
