The wider area

A1 Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?)

The site is north east of the village with all services and public drainage close by.
 The site rises from south to north and provides an effective backdrop to the proposal when viewed from the south.
 Drumlithie has a very mixed character. Modern building design has mixed with more traditional properties in the north of the village.
 South of Glenbervie Road is predominantly recent development and is mainly of single and two storey design.
 It is proposed that the new housing will also be single and two storey design. New housing along the northern boundary will be limited to single storey and single storey with room in roof.
 Roof pitches will be no less than 35° and no more than 45°, providing a quality appearance without excessive ridge heights.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes No

If you have undertaken a site assessment please provide details *Statement attached*

The Code for Sustainable homes or www.index21.org.uk provides guidance on this issue

Effect on the community

C1 Has there been any opportunity for local people to influence what you propose through local engagement? Yes No Not Yet

If you have undertaken any community consultation please provide details of the ways in which engagement was conducted, its effectiveness and the way in which it has influenced your proposals. Please provide details of any engagement you may propose to undertake.

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More
25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

Additional funding for local facilities through planning gain.
Additional access to amenity land.
Increased population to support schools, shops, hotel etc.
Range of house types to provide housing for all groups.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Include elements which you anticipate may be required as developer contributions from the development (although specifics will have to be negotiated with the Council on the basis of the development proposed)

C4 How easy is it for people using or living in the development you propose to access services? Are the following facilities within:
