The wider area

A1

Please provide a statement on the siting and design of your proposal (how will the development fit in with the wider landscape, or complement the urban design of the area?)

A housing development on this site would round off the north development boundary of Drumlithie. The site occupies an inconspicuous location and is contained by existing field boundaries. Peripheral landscaping along the north and east boundaries would be strengthened by additional tree planting and this would enhance the northern fringe of Drumlithie. The long term maintenance of the tree planting could be secured by a landscaping maintenance plan to the benefit of the area. The development of the site offers the potential for the provision of a footpath link to the adjacent millenium woodland (Site P2). The house sizes/scale/design would respect nearby housing.

Access to the site would be taken from the adjacent fh1 housing site.

If you have a landscape statement, a design statement or other details about what you would like to see on the site, please include it. *Statement attached*

A2 If you have prepared any frameworks or masterplans showing a possible layout for the site, please include it with this form. *Framework attached*

A3 Have you applied principles of sustainable siting and design to your site? Yes
No

If you have undertaken a site assessment please provide details
Statement attached

The Code for Sustainable homes or www.index21.org.uk provides guidance on this issue

C1 Has there been any opportunity for local people to influence what you propose through local engagement? Yes
No
Not Yet

C2 At least 25% of all housing is likely to be required to be affordable. If applicable, are you considering providing more or less than this? More
25% or Less

C3 What community benefits arise from your proposals? What would the nature of these be, and how would they be delivered?

Developer contributions and affordable housing provision as required by Aberdeenshire Council.

Potential for provision of a footpath route linking with adjacent P2 Millenium Woodland.

Community benefits may be material, such as community facilities, or intangible, such as affordable housing or the ability to live locally. Other information

The site is located immediately to the north of future housing Site fh1 in the adopted Aberdeenshire Local Plan. The allocation of the proposed site for housing would complement the fh1 housing development through which area access would be taken. The development of this site would form a natural rounding off of the development boundary of Drumlithie.

Please return the completed form to the Policy Planning Team, Planning Policy and Environment Service , Woodhill House, Westburn Road, Aberdeen, AB16 5GB or e-mail to ldp@aberdeenshire.gov.uk.
