

Orienteering Level 1 Course

This course will provide candidates with the knowledge, understanding and practical ability to perform/teach the basic skills of the sport of orienteering. Candidates will be able to demonstrate safe practise in working with groups of beginners on simple orienteering areas (private 'safe' areas such as School Sites or Outdoor Centre Grounds, local parks and all officially graded 'type A' areas). Following attendance at the training course, candidates may obtain a certificate indicating that they have been trained to introduce orienteering, but to gain the level 1 Coaching Qualification must attend an assessment day. This training is open to all staff and parent volunteers in the network schools and community groups. Active Schools will fund training costs where staff/parent volunteers are willing to lead local sessions. Normal cost £20
