

Vote Kain McLeod for Positive Change

I am standing as a candidate for **Ellon Community Council** through Ellon Academy. If elected I would work to improve the local community in many ways. Firstly, I would look to improve the community by campaigning for the provision of shuttle buses to and from the new Ellon Academy campus from places such as Auchterellon because it is roughly 3.6 miles to walk to and from school.

I'd also like to see a skate park in Ellon from the local council which would be backed by the community council. This would provide young people with something to do and somewhere to go when the weather is nice as well as strengthening the relationship between community council and young people.

Having youth services is important and that's why I'd like to make sure that young people get as many youth services as they do at the current Ythan Centre. To make absolutely certain that is possible, I will support more space being provided for youth work after hours.

I also believe living in using social media to engage the public and make sure the decisions we are making are on behalf of them and not our own views. To ensure this I will also be holding bi-monthly surgeries to ensure everyone has a chance to engage. Voting on what my constituents wish is a strong belief of mine and its one I'll hold dearly if elected.
